

# Metagenomics for Food and Water Safety

Monday, February 9<sup>th</sup>, Aula Magna, Facultat de Biologia, UB

10:00-10:10. Overview presentation. Rosina Girones

10:10-10:40. Núria Torner. Servei de Control Epidemiològic i Resposta a Alertes i Emergències. Agència de Salut Pública de Catalunya. **Surveillance and Epidemiology of water and food-borne infections**

10:40-11:10. Charlotta Löfström. Technical University of Denmark. **Metagenomic analysis of bacteria in bottled water**

11:10-11:40. Rosina Girones. Laboratori de Virus Contaminants d'Aigua i Aliments. Dep. Microbiologia. Fac. Biologia. UB. **Chasing hideous viruses in water and food**

11:40-12:10. Josep F. Abril. Laboratori de Genòmica Computacional. Dep. Genètica, Fac. Biologia/Institut de Biomedicina. UB. **Finding the haystack in the needle: bioinformatics to the rescue**

12:10-12:30. Open Discussion

Organizers:

Laboratory of Virus Contaminants of  
Water and Food

Universitat  
de Barcelona

VirBaP

Funding Agencies:

MINISTERIO  
DE ECONOMÍA  
Y COMPETITIVIDAD
